

Bennett-Kew P-8 Academy

### New Classroom Building Project

Project Address: 11710 S Cherry Ave, Inglewood, CA 90303

## WEEKLY CONSTRUCTION PROGRESS REPORT {##}

Architect:

HED Design

Project Duration:

September 2025 - September 2026

Prepared by:

Adam Wentworth, PM

### PROJECT DESCRIPTION

The project generally consists of the construction of: a single story building consisting of 6 classrooms, restrooms, utility spaces and a large multipurpose space. Site work includes new asphalt play field, courts, solar installation, fire lane striping and modifications to fencing. Play structures and soft surface materials are owner furnished, contractor coordinated and installed along with minor landscaping. Project is on an active school site, all work will be coordinated with the District to cause the least disruption to class, particularly for special education programming.

## COMMITMENT

**Community Promise:** Our construction team completed this week's activities with zero educational disruptions while maintaining the highest safety standards. Moving into higher-impact phases, we remain committed to advance communication, flexible scheduling around special programs, and immediate response to any campus concerns. **Direct Contact for Immediate Issues:**
